Driven by our intense desire, we are engaged in the manufacturing, supplying and exporting of optimum quality Industrial Process Equipment. Offered equipment is acknowledged for its seamless finish, corrosion resistance and cost-effectiveness.

## About Us

**Hardcore Engineers**, incepted in **2003**, is an organization that has gained a remarkable position among the distinguished manufacturers, suppliers and exporters of utmost quality Industrial Process Equipment. Offered equipment is manufactured under the supervision of skilled professionals, using cutting-edge technology and advanced machinery. Our product range comprises of Chemical Processing Equipment, Water Treatment Equipment and Heavy Fabrication Products. Praised for their sturdy construction, perfect finish and corrosion resistance, the offered equipment is highly demanded by the clientele spread **around the world**.

For the smooth and hassle-free manufacturing of the offered industrial process equipment, we have established a spacious infrastructure, which is spread over a vast area. Our infrastructure is segregated into several units, which are equipped with advanced machines. Skilled professionals that have immense expertise in the area handle these machines and owing to our well-equipped warehouse, the effective storage of the offered equipment is assured. Further, we have a team of dedicated professionals who strive to give their best towards the organizational goals.

Under the able guidance of our revered mentor, **Mr. Himanshu Agrawal**, we have gained a strong foothold in this domain. His vast knowledge and a client-centric approach have enabled us in delivering surpassing quality products since the time of our inception.
